No 3 June 1980
No 4 August 1980
No 5 October 1980
No 6 December 1980

Agriculture in the EEC: two scenarios to the year 2000. *Wilfrid Legg*. 12.3, 212–222
Blue collar chips. (Report) 12.2, 170–171
Candu?—Why no. (Editorial) 12.1, 2
Complexity—National television policy: monitoring structural. *Peter Gould and Jeffrey Johnson*. 12.3, 178–190
Conflict: 1. posing the problem—Modelling bicommunal. *D. A. Bowers, C. R. Mitchell,* and *K. Webb*. 12.6, 473–488
Conflict—Hypergames: developing a model of. *Peter G. Bennett*. 12.6, 489–507
Construction sector—A cross-impact case study: the Dutch (Methodology) *Johan G. Wissema and Jan Benes*. 12.5, 394–404
Cooperatives promises dividends. (Report) *Paul Derrick*. 12.5, 433–434
Cost of electricity under uncertainty—The. *M. Prior*. 12.4, 275–288
Cross-impact case study: the Dutch construction sector—A. (Methodology) *Johan G. Wissema and Jan Benes*. 12.5, 394–404
Cross-impact models—Two complementary. (Methodology) *Gilbert F. Ducos*. 12.5, 405–419
Denmark looks ahead. (Report) *E. J. Jørgensen*. 12.2, 171–173
Developing-country firms in international markets—The new multinationals: *Peter O'Brien*. 12.4, 303–316
Development in Eastern Europe—Manpower and. (Report) *Zbyner Zeman*. 12.1, 82–87
Development (Part 2)—Technical innovation and industrial. *Keith Pavitt*. 12.1, 35–44
Development—Romania: forecasting and. (Report) *Mihaela Y. Smith*. 12.5, 430–433
Disasters—Great planning. *Peter Hall*. 12.1, 45–50
Economic analysis—The new leisure society: An. *R. W. Vickerman*. 12.3, 191–200
Economic implications of the VLSI revolution—The. *Nathan Rosenberg and W. Edward Steinmueller*. 12.5, 358–369
Economy and emancipation from employment—Towards the dual. (Futures Essay) *Denis Pym*. 12.3, 223–237
EEC: two scenarios to the year 2000—Agriculture in the. *Wilfrid Legg*. 12.3, 212–222
Effacing the political future: a response to INTERFUTURES. *Ian Miles*. 12.6, 436–452
Electricity under uncertainty—The cost of. *M. Prior*. 12.4, 275–288
Electronic mail stampede. (Report) 12.2, 169–170
Employment—Professional mismanagement: the skill wastage in. (Futures Essay) *Denis Pym*. 12.2, 142–150
Employment—Towards the dual economy and emancipation from. (Futures Essay) *Denis Pym*. 12.3, 223–237
Energy modelling—IIASA's world regional. *W. Häfele*, 12.1, 18–34
Environment and system-response capability—The. *Eric Trist*. 12.2, 113–127
Events—Sudden. *C. S. Ramage*. 12.4, 268–274
Forecasting coups to come. (Report) *Marvin J. Cetron*. 12.3, 262–266
Forecasting inflation in the 1980s. (Futures Essay) *Walter Goldstein*. 12.5, 386–393
Forecasting—The international system; limits to. *Philippe Braillard and Pierre de Senarclens*. 12.6, 453–464
Forecasting the use of innovative telecommunications services. *Hugh Collins*. 12.2, 106–112
Forest resources in India. *K. Venkatasubramanian and B. Bowonder*. 12.4, 317–324
Futures studies and policy formulation: the Spanish experience. *Félix Alvarez-Miranda and Emilio Fontela*. 12.6, 465–472
Great planning disasters: what lessons do they hold? *Peter Hall*. 12.1, 45–50
Growth: the challenge of long-term structural change—Technology and. *Margaret Sharp*. 12.5, 370–385
Hypergames: developing a model of conflict. *Peter G. Bennett*. 12.6, 489–507
IIASA's world regional energy modelling. *W. Häfele*. 12.1, 18–34
India—Forest resources in. *K. Venkatasubramanian and B. Bowonder*. 12.4, 317–324
Industrial development (Part 2)—Technical innovation and. *Keith Pavitt*. 12.1, 35–44
Industry, and the third world—Microelectronics. *Kurt Hoffman and Howard Rush*. 12.4, 289–302
Inflation in the 1980s—Forecasting. (Futures Essay) *Walter Goldstein*. 12.5, 386–393
Innovation and industrial development (Part 2)—Technical. *Keith Pavitt*. 12.1, 35–44
Innovation: the springboard for 25 years of expansion. (Report) 12.2, 166–168
Innovative telecommunications services—Forecasting the use of. *Hugh Collins*. 12.2, 106–112
INTERFUTURES—Effacing the political future: a response to. *Ian Miles*. 12.6, 436–452
International petroleum exchange model: reference results and validation. *Nazli Choucri*. 12.3, 201–211
International system: limits to forecasting—The. *Philippe Braillard and Pierre de Senarclens*. 12.6, 453–464
Leisure society: an economic analysis—The new. *R. W. Vickerman*. 12.3, 191–200
Manpower and development in Eastern Europe. (Report) *Zbynek Zeman*. 12.1, 82–87
Microelectronics, industry, and the third world. *Kurt Hoffman and Howard Rush*. 12.4, 289–302
Model of conflict—Hypergames: developing a. *Peter G. Bennett*. 12.6, 489–507
Modelling bicommunal conflict: 1. posing the problem. *D. A. Bowers, C. R. Mitchell. and K. Webb*. 12.6, 473–488
Modelling—IIASA's world regional energy. *W. Häfele*. 12.1, 18–34
Multinationals: developing-country firms in international markets—The new. *Peter O'Brien*. 12.4, 303–316
National television policy: monitoring structural complexity. *Peter Gould and Jeffrey Johnson*. 12.3, 178–190

Innovation: the springboard for 25 years of expansion. (Report) 12.2, 166–168
Innovative telecommunications services—Forecasting the use of. *Hugh Collins*. 12.2, 106–112
INTERFUTURES—Effacing the political future: a response to. *Ian Miles*. 12.6, 436–452
International petroleum exchange model: reference results and validation. *Nazli Choucri*. 12.3, 201–211
International system: limits to forecasting—The. *Philippe Braillard and Pierre de Senarclens*. 12.6, 453–464
Leisure society: an economic analysis—The new. *R. W. Vickerman*. 12.3, 191–200
Manpower and development in Eastern Europe. (Report) *Zbynek Zeman*. 12.1, 82–87
Microelectronics, industry, and the third world. *Kurt Hoffman and Howard Rush*. 12.4, 289–302
Model of conflict—Hypergames: developing a. *Peter G. Bennett*. 12.6, 489–507
Modelling bicommunal conflict: 1. posing the problem. *D. A. Bowers, C. R. Mitchell. and K. Webb*. 12.6, 473–488
Modelling—IIASA's world regional energy. *W. Häfele*. 12.1, 18–34
Multinationals: developing-country firms in international markets—The new. *Peter O'Brien*. 12.4, 303–316
National television policy: monitoring structural complexity. *Peter Gould and Jeffrey Johnson*. 12.3, 178–190

New leisure society: an economic analysis—The. *R. W. Vickerman.* 12.3, 191–200.
New multinationals: developing-country firms in international markets—The. *Peter O'Brien.* 12.4, 303–316
Nuclear operations—Some human performance paradoxes of. *Harry J. Otway and Rolf Misenta.* 12.5, 340–357
Nuclear-plant performances. (Futures Forum) *P. M. S. Jones.* 12.3, 245–246; and
Nuclear-plant performance—Worldwide. *John Surrey and Steve Thomas.* 12.1, 3–17
Pattern of prediction—The. *I. F. Clarke.* 12.3, 238–244; 12.6, 520–526
Petroleum exchange model: reference results and validation—The international. *Nazli Choucri.* 12.3, 201–211
Planning disasters—Great. *Peter Hall.* 12.1, 45–50
Planning for the survival of things—Preservation: *Richard L. Meier.* 12.2, 128–141
Policy formulation: the Spanish experience—Futures research and. *Félix Alvarez-Miranda and Emilio Fontela.* 12.6, 465–472
Political future: a response to INTERFUTURES—Effacing the. *Ian Miles.* 12.6, 436–452
Preservation: planning for the survival of things. *Richard L. Meier.* 12.2, 128–141
Professional mismanagement: the skill wastage in employment. (Futures Essay) *Denis Pym.* 12.2, 142–150
Projections of M. King Hubbert—US oil discovery and production: The. (Retrospective) *Edward Renshaw and Perry F. Renshaw.* 12.1, 58–66
Resources in India—Forest. *K. Venkatasubramanian and B. Bowonder.* 12.4, 317–324.
Romania: Forecasting and development. (Report) *Mihaela Y. Smith.* 12.5, 430–433
Scenarios—A typology for. (Methodology) *C. Ducot and G. J. Lubben.* 12.1, 51–57
Science fiction: see *Livingston, Dennis* in author index
Some human performance paradoxes of nuclear operations. *Harry J. Otway and Rolf Misenta.* 12.5, 340–357
Spacial context—Technological forecasting in a. *J. B. Goddard.* 12.2, 90–105
Sudden events. *C. S. Ramage.* 12.4, 268–274
Survival of things—Preservation: planning for the. *Richard L Meier.* 12.2, 128–141
System-response capabilities—The environment and. *Eric Trist.* 12.2, 113–127
